About this item

- **【Intelligent and Quick Color Change】** Ring Light can adjust the color temperature via knob or remote without using color filters. Achieve cool white light or warm light to hide blemishes and change skin tones quickly and easily. LED SMD design and 416 pcs LED beads on our Ring Light offers more light for your camera photography, Facebook Live, beauty makeup, selfies and videos.
- **【Phone Charging & Large-Size】** LED Ring Light resolved the problem that your phone is out of power when you are live streaming. You can charge your phone through the USB port on the back of the ring while you are taking videos. Bring more convenience for your shooting. 21" (53 cm) ring light has a larger and brighter aperture, providing a more professional environment for your indoor shooting.
- **【Remote Controller】** Ring Lights are controlled via the IR remote controller or the knob on the back of the ring. Change the color temperature (3000K - 6000K) and brightness (0% - 100%) of the Ring Lights from up to 2.5 meters away (98") with our IR Remote!
- **【Phone Holder & Light Stand】** Each Ring Light has a 360 degree phone holder and a retractable tripod that effortlessly helps you capture different levels of brightness and angles of lighting! The phone holder is suitable for pad and most smart phones including iPhone, Samsung and Huawei (4.5" - 7.8" / 115mm - 200mm width). The adjustable light stand range is 20" - 75" / 50cm - 190cm. One bag carries the total weight giving a lightweight and portable setup!
- **【Package Kit】** you will receive: LED Ring Light Body (21" / 53cm) x2, Tripod (20" - 75" / 50cm - 190cm) x2, Remote Control x2, Flexible Ipad Holde x 2, Power LED x2 and paper instructions for quick and easy setup. Please feel free to contact us if you have any questions! We are happy to help and would appreciate that very much.

 Climate Pledge Friendly

The diagram illustrates the combination of two equipment sets. On the left, a lighting kit includes a circular softbox, a power supply, cables, and a stand. On the right, a camera rig includes a camera mounted on a tripod, a boom arm, and a microphone. A plus sign (+) is placed between the two kits, indicating they are combined to form a complete video production setup.

Great light

Reviewed in the United States on December 30, 2021

Verified Purchase

I am so happy with this light, it's great for making videos and pictures , it's very bright and creates a beautiful shading on faces or products. It's effects are very good, and also can easily light up a large area. The Bi-color temperature is also a great feature. Overall this is very high quality product.

PERFECT!

Reviewed in the United States on March 4, 2022

Verified Purchase

I received my ring lights in a timely manner. It was very well packaged with care. They (2per package) were perfect! Very Bright, light weight, affordable and just what I ordered. Will definitely order again. I highly rrecommend!!

Manda Reviews

I do NOT recommend these

Reviewed in the United States on June 18, 2023

Verified Purchase

I bought these mostly for the 2-for-1, thinking the few rave reviews were accurate. Having had, and used, these for a few weeks now, I do NOT recommend them. The lights themselves are fine, but the stands and the connection between the two are pretty atrocious. The lights do not have a secure connection to the stands and therefore it's impossible to get them to sit straight. They're top heavy so they lean side-to-side and front to back. It's a frustrating waste of time trying to get them right. Also, the light isn't the most flattering in all conditions, and in some conditions highlights all skin flaws. And, while filming, the light picked up shifting, like blue to green, which I don't know the mechanics behind, but have not experienced with other lights. I will be looking for a replacement for these.
